

Continuing Education Costs

Thirty-two (32) hours of continuing education are required every two years in order to maintain practitioner status. At least 16 hours within the two-year period must be hands-on training. After 10 years of maintaining good standing*, this requirement drops to 32 hours every four years.

* Practitioners are in "good standing" when they are current with the annual fee and continuing education hours and have a current CPR certificate.

CLASS NAME	HOURS	TUITION OR FEE		COMMENTS
		#	Paid early**	
BOWENWORK PROCEDURES				
				** Early means at least 22 days before the first class day.
				Modules 8–12, which must be taken in person and in sequence, include over 40 new procedures while refining practitioners' understanding of how and when to use certain moves. Details of these and other reviews of the basic work can be found here .
